SEABROOK HOUSE FOUNDATION HOLDS 17TH ANNUAL GOLF CLASSIC

Seabrook, NJ— Today, the Seabrook House Foundation held its 17th Annual Golf Classic to raise funds to provide individual grants for patients in need of treatment.

“Our Golf Classic has been a popular event that helps support our ‘Patient Care Fund,’” said President Ed Diehl. “All proceeds are distributed in individual grants to supplement addiction treatment costs to those in financial need. The financial cost should not be a barrier to treatment. By providing these grants we can give those in need the chance to stay in treatment and continue to work towards their recovery.”

According to the National Institute on Drug Abuse, recovery from drug addiction is a long-term process and frequently requires multiple episodes of treatment. Based on decades of research and study, they have identified long-term treatment as the key to recovery and maintaining sobriety.

“We understand the importance of long-term care, and that is why we use the 120-day Seabrook House Model of treatment which includes a multifaceted medical approach to alcohol and other drugs including detox, gender-specific therapy with special emphasis on relapse prevention, and family intervention,” said Diehl. “Long-term drug rehabilitation is considered to be the most successful method currently available, and our ‘Patient Care Fund’ provides a way for our residents to continue treatment and have a greater chance at sobriety.”

Diehl states, all proceeds are distributed in individual grants to patients in need of financial assistance. The Seabrook House Foundation has raised over \$1.9 million and benefiting 318 patients since 1997.

“The Seabrook House Foundation is proud to continually strive to support the patients of Seabrook House through various efforts including our Annual Fall Golf Classic,” Stephanie Shoemaker, Seabrook House Director of Development. “We extend our sincere thanks to our sponsors and golfers from more than 20 treatment agencies across the country, as well as our donors who remain dedicated to changing the lives of those in need of addiction treatment, one patient at a time, and one day at time.”

The Seabrook House Foundation is a 501(c)3 non-profit organization.

Seabrook House is an internationally recognized, private CARF-accredited addiction treatment center with several locations. The main facility is located in Bridgeton, New Jersey. Our 90-day transitional living facility for men, Seabrook House West, is located in north central Pennsylvania in the town of Westfield. Our 90-day transitional living facility for women, Changes for Women, is located on our main campus. We have additional outpatient offices in Cherry Hill and Northfield, NJ. Seabrook House has been helping families find the courage to recover from alcoholism, drug addiction and substance abuse since 1974. To contact Seabrook House, please visit the organization’s web site at www.SeabrookHouse.org, or call the 24-hour help line at 1-800-761-7575. ###
