**SEABROOK HOUSE, INC. ANNOUNCES ASSET SALE  
OF PENNSYLVANIA LOCATION**

**Westfield, PA** - Seabrook today announces the sale of Seabrook House West to Summit BHC of Brentwood, Tennessee. Seabrook House West is an extended care facility for men only, providing addiction treatment services. Summit BHC plans to expand the facility to provide a range of services for both men and women.

Seabrook, a New Jersey based behavioral health provider, acquired the 25 acre Westfield, Tioga County, Pennsylvania Seabrook House West, in 2007. Doing business as "Seabrook West" the program expanded its licensed capacity in 2014 to include detoxification, residential, partial hospitalization, intensive outpatient and traditional outpatient. Since its opening, the program has earned a reputation for the provision of long term transitional support to hundreds of addicted men of all ages from throughout the country, providing a vital link to the comprehensive care of families at Seabrook.

"The decision to sell our West facility is consistent with Seabrook's strategic plan for providing state of the art care" stated Seabrook President, Edward Diehl. "This sale is in keeping with our organization's plan to significantly build out our treatment service's assets in New Jersey, New York and eastern Pennsylvania. Our future expansion is concentrated in the next year in launching additional SHARE Counseling Center locations in Monmouth County, NJ and Philadelphia, PA."

The firm of Mertz Taggart provided Seabrook exclusive sell side advisory services.
